# Fabric Softener

## Liquid Softener

**SOFTENS & ELIMINATES STATIC CLING FROM FABRICS**

Completely Soluble - Disperse in Hot or Cold Water

**Fabric Softener** is a high quality cationic liquid product designed to soften and eliminate static cling from all fabrics.

**Fabric Softener** will shorten extraction time, increase flat work production, reduce tumbling and drying time and produce less fabric wrinkling.

**Fabric Softener** is completely soluble and readily dispersed in hot or cold water to give uniform coverage to the entire load.

### STORAGE & DISPOSAL

**Storage:** Store in a well-ventilated place. Keep cool.

**Disposal:** Dispose of contents/container in accordance with licensed collector's sorting instructions.

### DIRECTIONS

**Fabric Softener** can be added manually or with automatic dispensing equipment to the last rinse cycle.

When used in commercial applications 1 - 3 oz per 50lb of laundry is recommended.

Laundered fabrics for food plant use should be thoroughly rinsed with potable water.

For use in domestic top or front loading machines add 1 oz in dispenser.

### AVAILABLE SIZES

4L

20L

205L
