- Brush and cleaning pad can be installed automatically

## TECHNICAL DATA

Model	Frog-580
Cleaning Width	22.8" / 580 mm
Squeegee Width	32.7" / 830 mm
Solution Tank	70 L / 18.5 Gallons
Recovery Tank	75 L / 20 Gallons
Brush Size	22" / 550 mm
Pad Size	21" / 530 mm
Brush Speed	180 - 220 RPM
Brush Pressure	30 kg / 66 lbs.
Brush Motor	550 W
Vacuum Motor	500 W
Walking Motor	300 W
Efficiency (/h)	3,500 m <sup>2</sup> / 37,600 sq ft
Max Climbing Rate	30°
Turning Radius	1.2 m / 47.2'
Sound Level (1m)	≤ 62 dBa
Battery	2 x 12 V 120 Ah
Working Duration	4 hours
Weight w Batteries	270 kg / 595 lbs.
Packing Weight	300 kg / 661 lbs
Packing Size	52" x 23" x 42"

## DETAILS

### Intelligent and Easy to Use Design

- The BullFrog RL580 ride-on scrubber is designed for cleaning tight congested areas that require maneuverability and productivity in one package.
- Patented, slim & compact design that allows for hassle free cleaning in areas where a riding scrubber could not previously be used.
- RL580 is a value-conscious machine that will provide you with years of quality scrubbing without breaking the bank.
- High quality seating material and spacious seating area allow to be operated comfortably for hours.
- The RL580 includes an energy saving ECO mode that reduces power to the vacuum and brush motors providing quieter operation and longer run times. 
- An excellent option for areas where day time cleaning is required.
- 5 - 8 mm metal parts throughout make the BullFrog RL580 more durable than most scrubbers on the market today.

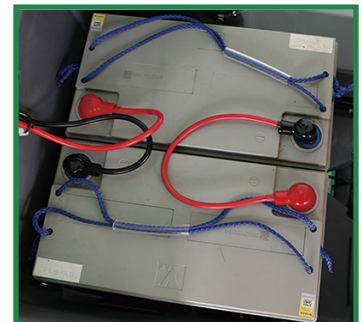

## INCLUDES / DESIGN FEATURES

Self explanatory symbols and a clear control panel make the machine easy to use for any user.

Motor protection cover and an automatic recovery tank water sensor to prevent unintended damage to the vacuum motor.

Equipped with two 120Ah 12V large capacity AGM maintenance free batteries.
