Tub & Tile

Acid Cleaner

FAST ACTING ACID CLEANER FOR

All Types of Hard Tile,
Grout & Bathroom Surfaces

STORAGE & DISPOSAL

Storage: Store in a well-ventilated place. Keep cool. Store locked up.

Disposal: Dispose of contents/container in accordance with licensed collector's sorting instructions.

Tub & Tile is a fast acting acid cleaner for all types of tile, grout and bathroom surfaces that are not harmed by acid.

Tub & Tile has a special blend of organic and phosphoric acids that effectively cleans body oils, soap scum, & mineral deposits found in shower areas, restrooms, pools, spas, and food service areas.

Tub & Tile restores quarry tile to its original porous condition and increases the slip resistant qualities of the tile.

Tub & Tile is an excellent cleaner for grout lines.

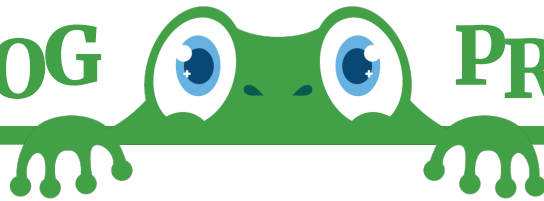

Tub & Tile special blend of mild acids that will not attack most metals so its safe on most fixtures.

Tub & Tile is made with food grade Phosphoric Acid (same acid found in Cola soft drinks).

Tub & Tile cleans and brightens many metals - inside and out.

Tub & Tile is safe on most tile, tubs, grout, metals, and any other surface that will tolerate a mild acid in the cleaning operation.

Tub & Tile is used when regular detergents and degreasing agents will NOT attack or remove the various films, deposits, water mineral stains common to these surfaces. In order to clean these deposits and stains, we have combined acids with special detergents to create a superior cleaner.

Tub & Tile

DILUTIONS/DIRECTIONS

For use on hard tile surfaces and grout to clean mineral deposits, and soap scum. Do not use on Magnesium, Zinc (galvanized), Tin or Chromed Metal Surfaces.

Designed to be used with a variety of application procedures including mop & bucket, auto scrubber or spray & wipe.

Heavy Soil:

Dilute 1 part **Tub & Tile** to 10 parts water. For very dirty areas allow **Tub & Tile** time to dwell without allowing it to dry providing it more time to work. Agitate area with a stiff brush or pad as long as the surface you are cleaning will not scratch easily.

Medium Soil:

Dilute 1 part **Tub & Tile** to 20 parts water. Follow same procedure as above.

Light Soil:

Dilute 1 part **Tub & Tile** to 40 parts water. Follow same procedure as above.

Prior to use, food products and packaging must be removed or carefully protected. Any equipment and surfaces subject to contact with food must be rinsed thoroughly with potable water after cleaning procedure is complete.
